FOREWORD

Information presented in this volume was taken from the 1984 Annual Report/System Membership Applications submitted by public libraries in Texas.

This publication is divided into five sections: Section I contains general information; Section II contains a directory of public libraries; Section III contains library statistics grouped by library; Section IV contains library statistics summarized by member libraries, non-member libraries, and total libraries for the state and for each library system; and Section V contains selected statistics organized by county. Appendix A, which follows Section V, is an index listing names of head librarians and branch librarians, and the names of libraries and branches which do not begin with the name of the city in which they are located.

The statistics reflect each library's last local fiscal year or each library's status at the end of that year, except in the case of staffing and schedule information, which is as current as possible. The membership year noted in the directory is State Fiscal Year 1985 (September 1, 1984 - August 31, 1985). The source of population statistics is Current Population Reports, Series P-26, No. 82-43-SC, Local Population Estimates, U.S. Department of Commerce, Bureau of the Census, September 1984.

We would like to express our gratitude to all the public librarians for their cooperation and efforts in completing the Annual Report/System Membership Application forms, as well as to the ten system coordinators for their part in the gathering of both statistical and directory information. Special thanks go to Mitchell Gidseg of the TSL Library Development Division for production of the statistical sections of this publication. Haven Whatley Toothman of the TSL Library Development Division was responsible for collecting and verifying the Annual Report/System Membership Application forms, as well as for data entry of the statistical section and typing and coordinating the publication of this volume. Also contributing their time and efforts were TSL staff members Beth Garton - data entry, and Bell Colyer - layout, paste-up, and graphics production.
